

### Student in Class Practical Working Log Annotated Bibliography (AS1)

It is essential students individually complete their sections of this Log as it affects the grade they are given for their group assignments in the following ways:

A Comprehensive Log results in the students receiving 100% of the given assignment grade

An Adequate Log results in the students receiving 95% of the given assignment grade

A Basic Log results in the students receiving 90% of the given assignment grade

A Superficial Log results in the students receiving 85% of the given assignment grade

A Minimal Log results in the students receiving 80% of the given assignment grade

For example, in a situation in which the group assignment is given 8/10 and the student produces a Comprehensive Log they will receive 8/10 (100% of the group score); however, if they produced a Minimal Log, they would receive 6.4 /10 (80% of the group score).

DL: Deadline - IDL: Incremental Deadline - IFA: If applicable – NA: Not applicable
